Apologies: Jiaer Chen, Emrys Thursfield, Ben Steel

There was a talk from Nemo Wang entitled

“Anisotropic Collagen Scaffolds for Endometrial Tissue Modelling”

Health, Safety and Welfare: no issues were raised

Risk Assessment and COSHH Forms: Your forms must be up to date and resigned every year.

Lab matters: CCMM Microbiological Safety Cabinet is operational again.

Favimat: The Favimat is repaired and operational. It is located in the Macromolecular Lab (Professor James Elliott's lab)> As many of the Group are interested in using it please contact Mike to arrange training and to book time on it. (The Favimat does not currently have a booking system). Samples should be prepared in advance for use during the training. The film must be at least 30mm in length. The width can be any size but preferably at least 10mm.

The microcentrifuge in the Tissue Culture Lab will currently work with size 1 or 1.5 tubes. Lillian needs to use 4.5 tubes. We need a rota with different size tubes. Can we buy an adapter at low cost. Action: it was agreed MM go ahead and purchase.

Collagen supply: We are using up our newest collagen supply at a faster rate than expected. Action: Lillian to obtain quote for further stock.

Lab clean: Next Lab Clean is June 12th (Group 1).

Social: Weather has stopped plans for a punting trip – Anna will re-invite.

U: all attendees to register for ESB by 15 June to take advantage of 'earlybird rate'

AOB: Welome to Gaspare Degano who will be a visitor in the Group until end of July 2026.

Date of next meeting: Monday 8 June 2026 (Tom Sweeney)
