There was no talk

Health, Safety and Welfare: no health and safety issues were reported.

Risk Assessment and COSHH Forms: usual reminder please keep these up to date.

Lab matters:

A new 3D printers is on order. The 2 old Prusa ones had to be retired.

The pipette recalibration is progressing. Second lot going off this week.

Note: the 8-channel one has failed and must be replaced.

The Favimat has broken down again. Same symptoms as last time. Not sure if it's the same issue.

MM is in touch with the engineers to get it repaired. (Favimat does not like to be left on all the time please remember to turn it off after use).

Collagen supply: The new Collagen batch will not be opened for testing. Wait for Lillian's return from holiday.

Lab clean: next Lab Clean on July 10<sup>th</sup> (Group 2).

Social: Let's think of another social before Gaspare leaves

AOB: There was no other business.

Date of next meeting: Monday 6 July 2026 (no talk).
